

**FOUNDED** in 1988, TECHEAD is a woman-owned business enterprise headquartered in Richmond, Virginia. TECHEAD has over 25 years of experience providing Technical and Creative experts that have positively influenced businesses. We've done this by improving performance as well as operational excellence which impact quality and delivery times.

## CLIENTS AND INDUSTRIES

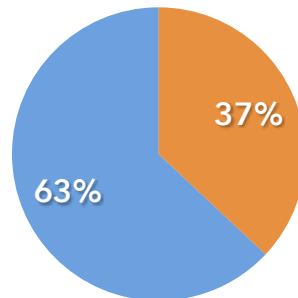

that TECHEAD serves are broad, ranging from public to private sector businesses across 20 states. Clients include local, state, and federal government, universities, Fortune 100 organizations, along with small to mid-size businesses and startups. Industries include financial services, healthcare, technology, advertising/marketing, retail and education.

**MISSION** is a big part of who we are at TECHEAD. Our core strengths allow us to bridge the relationship between the client and candidate. Our success is based off our passion. Each employee is passionate about helping our clients find solutions to their business challenges and assisting our associates to achieve their career goals. The key to TECHEAD has always been to place the talented associate in an environment where they can produce and grow.
